## Cash Account Application Form

# Account Application

Please read carefully. This application is not complete until all forms are signed.

This form is a trade account application designed for the purchase of products within Cellnet's product portfolio. This application specifically caters to physical retail or business establishments. Additionally, this application encompasses the provision of reselling items through the applicant's nominated registered domain(s).

It is imperative that you provide information about all physical locations where you anticipate receiving and selling product. It should be noted that any addresses falling outside the realm of the specified/approved locations could potentially be considered a violation of the terms and conditions.

If you intend to resell products online, please ensure that you provide details regarding the registered domain(s) through which you plan to resell.

Cellnet serves as a representative for a multitude of local and international brands, many of which have established agreements and contracts with Cellnet. These agreements encompass endorsed channels for the distribution of brands and products. Often, these agreements necessitate a distinct approval from the respective brand to gain access. Thus, possessing an approved account does not inherently grant unrestricted access to all brands.

It is important to highlight that the tactics governing the distribution of brands may experience changes on both a worldwide and local level. In order for Cellnet to adjust to these changes, there might be instances where access to specific products or brands could be withdrawn at any given time.

## Value & Payments

There is no minimum order value each time you place an order and no order processing fee, however standard freight charges will apply to orders less than \$200 ex GST. There is a minimum order value each financial year of \$6000. Accounts with purchases less than the minimum value may risk closure of account.

Payment is required prior to shipment or upon collection, unless a credit account application form has been lodged and approved. There may be a service fee for using credit card facilities, alternatively our internal sales team can assist with a secure payment option.

## Physical locations

If you have more locations than the below space, please provide a separate list.

# Security Administrator Nomination

This form is to be used for nominating a staff member within your organisation to take on the role of Cellnet Connect Security Administrator. The individual you nominate will have full access to all areas of Cellnet Connect, including sensitive accounting information such as invoices, orders and credit limits.

The Security Administrator role is tasked with the maintenance of Cellnet Connect User logins for your organisation so is pivotal in the control of access to Cellnet Connect for your organisation.

**The nominated individual should:**

- Be senior enough to be able to view sensitive accounting information;
- Be available to manage your Cellnet Connect users as and when the need arises (particularly removal of non-current staff members);
- Be unlikely to leave your firm in the short or medium term; and
- Be prepared to accept responsibility for the control of Cellnet Connect access.

If you choose not to nominate a Security Administrator, access to Cellnet Connect will not be available to your organisation.
